

**Maintenance Award Nomination Form**

**Wrencher Award**

The IWPCA's Maintenance Committee bestows a Wrencher Award each year to an individual(s) who has exceeded expectations in the area of maintenance in the wastewater industry. If you have a maintenance person in your shop or city who has shown exceptional capabilities in maintaining equipment, please help the Maintenance Committee in showing them recognition by nominating that person using this form.

This award, plaque and lapel pin is awarded at the annual Maintenance Conference at DMAACC in Ankeny. The Wrencher Award winner is also given a one year membership in the IWPCA and invited to be a part of the Maintenance Committee.
