

If you are not going to attend this seminar please make an effort to get this information to another operator or City Council member that will attend.

Information in this seminar is important to all

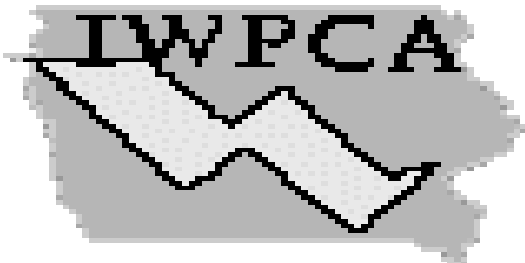

Wastewater Professionals and your City Government officials.

Everyone's involvement will result in better informed opinions and will result in better rational and scientific based decisions.

That will benefit all aspects of Wastewater treatment here in the State of Iowa.

These seminars are for the benefit of all Wastewater operations and if you have an idea for a topic please contact us or let us know at a seminar you attend. Any topic suggestions are welcome.
