### Audience

This two day conference attracts approximately 140 people each year. Participants include personnel from all aspects of the collections field. Our registrants include: field technicians, public works directors, operations administrators/superintendents, electronics technicians, environmental safety administrators and more.

The conference has 25 exhibitors which will display and demonstrate technologies to help communities find new, cost-effective ways of assessing, restoring, operating and maintaining sewer systems.

### Earn CEU's

Your participation in this course will earn 1.1 Continuing Education Units (CEU). (Wastewater)

### Benefits

- You will learn from a highly skilled team of Engineers, Vendors, and Specialists, all experts in the field of sanitary sewer collections. This conference will help you to:
- Learn current trends and benchmarks in sanitary sewer design, repair and rehabilitation.
- Examine sewer rehab, relining, and cured-in-place lining projects.
- Benefit from case studies and lessons learned.
- Select the right pipe materials for your project
- Network, meet people in your field. Use the resources of your fellow sewer system personnel. We always "network" after our meetings!

### General Information

- Fee covers CEU credit, break refreshments and Thursday lunch.
- Registration by February 26 is \$85 for IWPCA members. Non-member is \$95
- Cancellation: If you can not attend, please notify us by February 26 and we will refund your fee. Cancellations received after this date and no-shows are subject to the full conference fee. You may enroll a substitute at any time before the course starts.
- Exam: The IWPCA Collections Committee offers certification through a voluntary program. The operators certification exam is given at 12-4 pm on Friday March 5. More details and an exam application can be found at <http://www.iawpca.org/about/collections/collections.htm>
